**TO:** V. J. St. Pierre, Jr., Parish President

**FROM:** Jill Schmill, CPPO, CPPB, Procurement Agent 

**SUBJECT:** 2014 Annual Report

We are pleased to provide the public with this annual report of the past twelve months. As procurement professionals, we are committed to the people of St. Charles Parish. It continues to be our goal to obtain the maximum value for every dollar spent while procuring the necessary items, equipment and services needed. We encourage all departments and offices to use local vendors for goods and services before going outside the parish. Requisitions are monitored to ensure local vendors are patronized. We will continue to give our local vendors first priority.

One of the many procurement responsibilities is to monitor market conditions to ensure economic and effective materials management. Continued education is just one way of helping in accomplishing this goal. We will continue to attend seminars given through NIGP (National Institute of Governmental Purchasing).

St. Charles Parish Procurement Office is hereby submitting the attached 2014 Financial and Operating Report. The Office continues to operate according to the Louisiana Public Bid Law and the St. Charles Parish Procurement Procedures. The report reflects only the number of purchase orders issued and the items that were officially advertised for public bid. The Procurement Office also handles a variety of day-to-day functions in parish government.
